

Akerman Announces New U.S. Data Privacy and Security Legal Product

Akerman LLP, a top 100 U.S. law firm serving clients across the Americas, announced the advent of the **Akerman Data Law Center**, a technology-driven, data privacy and security law service offering developed in collaboration with Thomson Reuters Legal Managed Services.

In a release, the firm said the “Akerman Data Law Center will provide tailored research, multi-jurisdictional surveys and regulatory gap analyses in a wide array of data and privacy risk areas empowering clients to quickly and cost-effectively understand and handle routine compliance matters while mitigating risks before they become crises. With Akerman’s multi-disciplinary team of regulatory compliance and data law lawyers within reach, the firm can also provide legal interpretation and day-to-day counseling specifically tailored to each client’s distinctive situation and needs.”
