

Complimentary Webinar: Managing Global eDiscovery

eTERA Consulting will present a one-hour **complimentary webinar** that will provide in-house attorneys, litigation support professionals, paralegals and IT staff with information about the globalization of eDiscovery.

The webinar will be Thursday, Oct. 1, beginning at 11 a.m. Eastern time.

For today's corporate legal counsel and their lawyers, one of the most vexing problems faced is how to discover electronically-stored information (ESI) effectively, efficiently, and legally across international borders, eTERA says in a release. Because the stakes of international discovery are extremely high, it is important to understand eDiscovery on a global level in terms of the challenges currently related to eDiscovery in the U.S. and in Europe, the differences in current international legislation, and the best practices for managing global eDiscovery.

eTERA's Greg Bufithis, Esq., Managing Director of eTERA Europe; Todd Haley, Vice President of Business Intelligence; and Ashish Prasad, Esq., Vice President and General Counsel, will discuss the following key topics:

- The Growth and Complexity of Electronically Stored Information
- The Challenges of eDiscovery in a Global Economy
- eDiscovery Issues in the U.S. and in Europe
- Best Practices for Managing Global eDiscovery
- Practical Tips for Law Firms and Corporations

Speakers:

Greg Bufithis, Esq.

Managing Director, eTERA Europe
eTERA Consulting

Bufithis assists law firms and corporate legal departments with the legal, administrative and related aspects of document review, legal staffing, eDiscovery, and litigation support from the eTERA Consulting Europe offices in Brussels, London and Paris. Greg has lived and worked for the last 10 years in Brussels and Paris and has managed multiple eDiscovery projects across Europe.

Todd Haley
Vice President of Business Intelligence
eTERA Consulting

Haley is an expert on the technology of eDiscovery. He is the former Chief Technology Officer of a major law firm, and has over two decades of experience managing the technology, business process and other aspects of eDiscovery and data management engagements.

Ashish Prasad, Esq.
Vice President and General Counsel
eTERA Consulting

Ashish is a leading expert on the law and practice of eDiscovery. He is a former Litigation Partner and Chair of the Electronic Discovery and Records Management Practice at Mayer Brown LLP, the author of several treatises and dozens of articles on discovery topics, and the teacher of hundreds of legal education seminars over the past decade on topics of eDiscovery.
