

Budget Benchmarks: Where Do You Stand?

As budget season approaches, a **post** on the Xakia website takes a look at the financial side of corporate legal operations – from alternative fee arrangements to special considerations for smaller departments.

The post offers some benchmarks to help gauge how a department's budget compares with others. While every team and company is different, benchmarks can help establish context – or give you fodder to ask for a budget increase, the company says.

Headings include: Legal Budget as a Percentage of Revenue, Legal Budget by Department Size, Legal Budget by Location, Legal Budget by Industry, and Why Budget Matters.
