

Kim Technologies Launches Intelligent Legal Operations Platform

Kim Technologies has announced the launch of its Intelligent Legal Operations Platform, which allows in-house teams to automate various law department processes quickly and easily without the need for IT development or coding.

The award-winning Kim platform is already being used by a number of Global 100 companies for activities ranging from contract and in-life management, litigation and employment, to compliance, patents and property. More information can be found [here](#).

Real world examples of how global law departments are using the technology will be demonstrated by in-house leaders at two sessions during the Corporate Legal Operations Consortium in Las Vegas May 9-11.

And the developer will present a complimentary forthcoming webinar at 11.30 ET on May 25: *How Kim's no-code AI platform is transforming legal departments around the globe.*
