

10 KPIs for Successful Contract Management

It's critical for anyone involved in contract management to monitor and optimize your contracts and contracting processes using key performance indicators (KPIs). But, how do you determine which KPIs are the most important to your business and how do you harness the data required to benchmark and track them?

Join Contract Logix on Friday, June 18th at 1:00 pm ET as our team discusses the top 10 contract management KPIs that every organization can gain valuable insights from. Our panel will discuss what they are, why they're important, and how organizations like yours are implementing them.

By attending this webinar, you will learn:

- 10 contract management KPIs every company should leverage
- Best practices for benchmarking and tracking them
- How to optimize your contracts and processes with data

Unable to attend? Register anyway and we will send you the webinar recording.
