

6 Must-Buy Corporate Giants as Major Indexes Hit Record High

“U.S. stocks are firing on all cylinders with the major stock indexes hitting new highs in this month. On Aug 24, the S&P 500 Index recorded its 50th closing high year to date and a new all-time high. The Nasdaq Composite registered fresh closing and all-time highs. The Dow is hovering around its all-time high,” reports Yahoo Finance in their blog.

“Year to date, the three major stock indexes the Dow, the S&P 500 and the Nasdaq Composite have rallied 15.6%, 19.4% and 16.5%, respectively. By any means, this is an impressive performance considering that we are still not out of the pandemic. Moreover, Wall Street has witnessed this impressive performance after finishing an astonishing.”
