

Albertsons Names New EVP, General Counsel

“Albertsons Cos. has hired Juliette Pryor as EVP and general counsel, and she will join the company’s senior leadership team, effective June 15. Pryor joins Albertsons from Cox Enterprises, where she is general counsel and corporate secretary, a role she has held for nearly four years. Before that, she spent 11 years at US Foods, including a stint as general counsel and chief compliance officer,” reports Abby Kleckler in *Progressive Grocer*.

“Pryor succeeds Bob Gordon, who is stepping down and transitioning to retirement after more than 20 years with Safeway and Albertsons collectively. Gordon, who came to Safeway from Pillsbury Winthrop in 1999, was previously chief governance officer and general counsel of Safeway Inc.”

“At Albertsons, Pryor will lead the company’s corporate governance and compliance functions, as well as matters related to financial reporting, mergers and acquisitions, labor and employment, real estate, litigation, data privacy, and government affairs.”
