## Womble Grows Telecom Team with Addition of Partner

I'm reaching out to let you know that Womble Bond Dickinson has added Richard R. Cameron as a partner in Washington, D.C. in the firm's Communications, Technology and Media team. A trusted advisor in the broadband, communications, and technology sectors, Richard brings extensive experience in regulation, competition, universal service, regulatory compliance, satellite market access, and spectrum licensing matters, as well as in the rules governing federal grant awards and other financial assistance programs.

Richard began his career at the Federal Communications Commission, gaining experience in telecommunications and media regulation as legal counsel to two bureau chiefs and as federal staff chair of the Federal-State Joint Board on Universal Service. He later served as a compliance officer at the National Telecommunications and Information Administration and as in-house counsel at a domestic telecommunications carrier. Immediately prior to joining Womble, he was the

principal of an independent legal practice for over a decade.

A press release with additional information is included below. Would you be interested in covering this announcement? Happy to share a headshot or additional comments from Richard about his move.
