Avoiding Wage and Hour Violations in the Oil and Gas Industry

K&L Gates will present a webinar discussing Fair Labor Standards Act compliance and highlighting common violations found in the U.S. Department of Labor (DOL) enforcement initiative in the Marcellus Shale, which involved back wage payments of nearly $4.5 million for oil and gas workers in Pennsylvania and West Virginia.

The one-hour webinar will be Wednesday, Feb. 18, at 12:30 p.m. Eastern time.

On its website, the firm says K&L Gates lawyers Amy L. Groff and Michael A. Pavlick will provide an overview of how employers in the oil and gas industry can comply with Fair Labor Standards Act requirements and avoid common wage and hour violations.
