Legal Department Transformation Through Matter Management

Bridgeway Software Inc. will present a webinar titled “5 Ways Matter Management Can Transform Your Legal Department and Why e-Billing Alone is Not Enough” Wednesday, June 10, at noon CDT.

“From advanced collaboration to improved early case assessment and robust reporting to risk management, global corporations are leveraging the value of matter management beyond e-billing to gain a competitive advantage,” Bridgeway says.

Industry leaders at Mattel, MetLife and Mutual of Omaha will be presenters during this uniquely formatted Bridgeway University webcast, moderated by legal industry analyst Ari Kaplan.

Some of the topics include:

- Where matter management starts and e-billing ends
- The value of broad data and ways to apply metrics to streamline your law department
- How a centralized source of information can unify legal operations to reduce cost and increase efficiency
- Best practices for simplifying the complexities associated with running a modern legal department
- A roadmap for getting started

RSVP for the webinar.
