Checklist: Modernize Your D&O Questionnaire

The Center for Board Excellence is offering for free download **a checklist** aimed at modernizing directors and officers questionnaires. The checklist uses CBE's cloud-based platform.

A company spokesman explained that the D&O form is uploaded by CBE to its secure platform and then is accessible from anywhere on any device.

Users can customize the questionnaire for respondents with prepopulated information. The number of questions can be reduced, providing for easier director completion.

And definitions and schedules are converted to dynamic flyovers or online links.

Download the questionnaire checklist.
