

City Board OKs Contracts for 20 Federal Place Reports

“Seeking to sell the downtown 20 Federal Place building, the city’s board of control agreed to pay for a marketing study as well as for an environmental assessment, and an asbestos and hazardous materials survey of the property. Also Thursday, the board approved contracts for two improvement,” reports David Skolnick in The Vindicator.

“With Professional Services Industries Inc. of Girard to do an asbestos and hazardous materials survey of the building to determine how to handle and remediate safely any hazardous materials found on the property. Foley & Puls of Dallas for a housing market conditions study to determine the need for downtown housing as it relates.”
