CLE Companion Adds Another Partner – Lawyers of Distinction – Solidifying It Role as Disruptor in the CLE Industry

Legal technology company CLE Companion (www.clecompanion.com) has announced a partnership with Lawyers of Distinction, adding that the partnership "will providing its customers with convenient, on-demand Continuing Legal Education programming at a fraction of the cost they would pay traditional CLE purveyors.

"We're excited to be able to officially announce this partnership," said Kristin Davidson, the founder and CEO of CLE Companion. "Legal businesses, like Lawyers of Distinction, are increasingly recognizing the value of delivering CLE to their attorneys, saving them hundreds of dollars a year in what they would be spending on traditional CLE providers and attending conferences."

In the past several months, CLE Companion has finalized close to 10 partnerships, and the demand for its unique partnership model is rising. "This will be the standard moving forward and were excited to be the leader," she said.

The value to attorneys is compelling.

"Online CLE courses are a convenient tool for any attorney and one of the easiest ways to save time, reduce costs, and enhance industry knowledge," said Davidson.
CLE Companion has enhanced these features to another level with features like integrated partner API and a Credit Tracker. "It's a complete package," added Davidson.

Lawyers of Distinction is a select membership community featuring lawyers nationwide with exceptional skill sets. Adding a CLE component to their membership is a ground-breaking effort by the Lawyers of Distinction corporate team, virtually doubling their membership values overnight.

"Lawyers of Distinction is always looking for new ways to stay in front of the fast-moving changes in legal technology. Adding a membership to CLE Companion is a great way to enhance our value and commitment to our members," said founder and CEO Robert Baker.

"We are confident this investment in attorney education will pay off," added Baker.
