

Clean Energy, Westport Schedule Part Two of NGV Webinar

✖ Part two of a two-part webinar series, “Natural Gas 201 – Delivering Options,” is scheduled for July 10 at 10 a.m. Pacific time, report Westport and Clean Energy Fuels.

The series is designed for operators of a full range of vehicles from vans and step vans to Class 8 tractors. A Westport spokesman said the event will build on the basics to provide more information for building a natural gas fleet.

Topics in part two will include:

- Vehicle packages and financing options
- Leveraging incentives to accelerate returns
- Local dealer and service infrastructure
- Fleet operator reference case
- Maintenance considerations

The first part of the series, which can be accessed [here](#), introduced a number of central concepts in the natural gas vehicle sector.
