

The Importance of Training in Your Cyber Compliance Program: Webinar

Click 4 Compliance has posted a complimentary on-demand webinar that frequently overlooks vital components of an effective cybersecurity program, including vendor management, well-crafted policies and robust procedures and training.

Employees are the first line of defense, the company says, so regular and proper training remains a critical component for cybersecurity and data privacy compliance.

The webinar is designed to help participants:

- Improve day-to-day security
- Reduce the risk of a data breach
- Reduce the risk of insider threats

Watch the on-demand webinar.
