The American National Standards Institute (ANSI) Network on Smart and Sustainable Cities will present a complimentary webinar on local governments' application of climate change standards formulated by the International Organization for Standardization.

The 90-minute webinar will be Tuesday, Nov. 18, beginning at 2 p.m. Eastern time.

The presentation will cover ISO Technical Committee 207's Subcommittee 7 on greenhouse gas management and related activities, involving measuring, reducing, managing and verifying greenhouse gas emissions.

Tom Baumann, chair of ISO/TC 207/SC 7, will be the presenter.

Register for the webinar.
