

Compliance Alert: Sometimes Companies Must Break the Law

“You may have noticed a risk factor in annual reports and SEC registration statements about ‘conflicting laws and regulations.’ Once rare, the warning has become common, thanks to globalized operations and proliferating regulators. For compliance officers, it’s a growing minefield,” writes Richard L. Cassin *The FCPA Blog*.

“What do ‘conflicting laws and regulations’ warnings look like?”

The blog discusses the risk of encountering conflicting laws and regulations.
