

‘Compliance As A Service’ New Revenue Streams For MSPs And Business Associates

A panel of industry experts will discuss key tools to expand your portfolio to include ‘Compliance as a Service’ for your healthcare clients in a webinar aimed at MSP or business associates working with healthcare providers.

The panel will discuss key tools to use in expanding portfolio of offerings to clients. Participants will find out how to differentiate your company, increase revenue and client loyalty.

The webinar will be Thursday, September 24 at 2PM EST.

Speakers include Andy Nieto, (Health IT Strategist at DataMotion), Marc Haskelson (President & CEO of Compliancy Group), Stuart Crawford (Founder & CEO, Ulistic Inc.) and Jon Matero (President/CEO, Network Heroes).

Participants will gain:

Ideas for providing added value to your clients

Ways to simplify compliance

How to help clients protect data at rest, in motion and in use

How to make your Managed Service Provider STRATOSPHERICALLY SUCCESSFUL

Solutions for encryption as a service

Solutions for compliance as a service

The importance of a Culture of Compliance

Best practices to accelerate your business- tried and tested stories from the “trenches”
