

Cyber Threats Against Energy Resources, Power Companies and Utilities

The Marsh logo consists of the word "MARSH" in a bold, blue, sans-serif font. It is positioned to the left of a light blue rectangular background that spans the width of the text and is partially obscured by the text itself.

In an on-demand webinar posted online, experts from Marsh and leading security firm Mandiant explore strategies for defending against cyberattacks and examined the insurance solutions addressing this growing area of risk.

The title of the webinar is “Cyber Threats Against Energy Resources, Power Companies, Utilities, and Other Critical Infrastructure Organizations.”

Panelists for the webinar include: **Matthew McCabe**, Senior Vice President, Marsh’s US FINPRO Practice; **Timothy Burke**, Senior Vice President, Marsh’s US FINPRO Practice; **Laura Galante**, Senior Threat Intelligence Analyst at Mandiant; and **Dan Scali**, Manager for Strategic Solutions at Mandiant.

Watch the on-demand webinar.
