Determining Requirements for a Contract Management Solution

Merrill DataSite is offering a complimentary report designed to help take the guesswork out of choosing a contract management system. This tool will help determine an organization's precise contract management needs – from storage to reporting and security, Merrill reports.

In addition to understanding the core requirement categories for contract management solutions, you will also learn what questions to ask, including:

- What information do I frequently need to search for?
- What reports do people ask for on a regular basis?
- What data security concerns are unique to your industry?
