# Discover LegalSifter ReviewPro

A Contract review and redlining in minutes, not hours with LegalSifter ReviewPro.

Join our live demo to see how ReviewPro works seamlessly inside Microsoft Word, using your playbook or ours to apply consistent, attorney-quality redlines automatically.

Unlike generic AI tools, ReviewPro is built specifically for contract professionals. ReviewPro highlights include:

- Faster reviews with contract-specific AI that understands legal language
- Consistent redlines automatically applied based on your preferred positions
- Integrated into Microsoft Word so you can review contracts without changing tools
- Greater control through custom or pre-built playbooks that ensure alignment across your team
