DTI Announces the Acquisition of Merrill Legal Solutions

DTI, a global legal process outsourcing company providing eDiscovery, managed services and litigation support, announced today that it has finalized the acquisition of Merrill Corporation's Legal Solutions business.

The acquisition, announced earlier this year, expands the DTI platform in both scope and geographic reach while adding legal service operations in the United Kingdom, Ireland, Hong Kong, Singapore, New Zealand and Australia. The Merrill Legal Solutions lines of business included in the transaction are eDiscovery, Deposition and Court Reporting and Facilities Management. Merrill employees within the Legal Solutions group and some support services employees will transition to DTI as a part of the acquisition.
