Energy Webcast: Post-Production Costs

Steptoe & Johnson has posted a complimentary on-demand webinar on the challenges in post-production costs related to shale gas development.

On its website, the firm says shale gas development in the U.S. has us moving through some rocky legal terrain to find a "safe" royalty clause or a "new" market at the well in regards to post-production costs. Challenges remain in post-production costs and approaches vary from majority to minority across the states.

In this webcast Karen Donnelly discusses:

- Allocation of post-production expenses in calculating royalties
- Case law update
- Can the market return to the wellhead?
- Title, measurement, and affiliate issues
