

Everything You Need to Know About Construction Contracts

An article by Adam Groff in *Global Construction* gives some advice on what construction companies need to remember when drawing up a contract.

The article features sections headed “Construction Contracts: A Changing Landscape,” “Common Contracts in Construction,” “Union Contracts” and “Hiring Types.”

“If you work in the construction industry, then you already know how important contracts are,” he writes. “Although construction contracts have changed over the years, there are still some basic guidelines to follow when creating a contract.”
