

Orthopedic Spinal Surgery Standard of Care Webinar

The Expert Institute will present a free webinar covering the standard of care in orthopedic spinal surgery.

The webinar will be Tuesday, April 21, at 1 p.m. Central time.

The expert presenting the webinar is a Board Certified Orthopedic Surgeon who was trained at New York University School of Medicine. He attained an advanced fellowship in spinal surgery from a top medical center in Wisconsin. Currently, he is an affiliated faculty member at a major regional healthcare center, as well as a clinical instructor at a top medical university.

Register for the webinar.
