Oil Price and the Energy Industry: Finding Resilience Through Volatility

Global Organization EY has posted a complimentary webinar that explores how companies can transform and prosper by focusing on enhancing financial, operational and portfolio resilience needed to weather an extended period of volatile energy prices.

Presenters are Andy Brogan, EY Global Oil & Gas Transactions Leader; Barry Munro, the leader for EY Oil & Gas industry initiatives in Canada and a senior vice president of EY Orenda Corporate Finance based in Calgary; and Axel Preiss, a Senior Partner in the Advisory practice and the Global Oil & Gas Advisory Leader.

Moderator is Deborah Byers, Managing Partner of the EY Houston office and also a the U.S. Oil & Gas Leader.
