Federal Judges Predict Litigation Costs Will Rise Because of CCPA

☒ Learn how Judges think you should prepare

78% of US Federal Judges think that the enactment of new data privacy laws (GDPR, CCPA) will increase discovery costs. Learn more about this and other insights from the bench by downloading the recently published, 6th Annual Federal Judges Survey.

Download this Federal Judges Survey and learn why:

- New data privacy laws will make litigation more expensive
- Judges want to see greater participation in discovery activities from in-house legal teams
- Early Case Assessment software is the preferred technology judges want to see parties use more of
