

Five Trends Shaping Governance, Risk and Compliance

“As a result of the pandemic, businesses have been forced to rethink their operational resilience – especially when you consider 2020 was a record year for data breaches, despite seeing an increase in cybersecurity spending,” reports Gaurav Kapoor in Forbes.

“Adjusting governance, risk management and compliance (GRC) systems is one way that organizations can bounce back and transform potential problems into an advantage – even small adjustments made organization-wide can lead to millions of dollars in recovered revenues if the right risks are mitigated. Take note of these five post-pandemic trends that will be shaping GRC over the next several years.”
