

Foley Represents Spectrum Dermatology in Partnership with Pinnacle Dermatology

Foley & Lardner LLP represented Spectrum Dermatology (Spectrum), the largest dermatology practice in Arizona, in a recapitalization and partnership with Pinnacle Dermatology (Pinnacle), a dermatology platform owned by Chicago Pacific Founders.

The partnership with Spectrum is the next step in Pinnacle's strategy to build a leading, multi-state dermatology practice platform. Spectrum, which will continue to operate under the same name, brings seven locations and 31 providers serving Scottsdale and Greater Phoenix to Pinnacle. Under the new partnership, Spectrum's founder Dr. Nancy Kim will join Pinnacle's board of directors.

The Foley team was led by partner Roger Strode and included partners Steve Gerenraich, John Palmer, Mike Woolever and Matthew Impola, and associates Allie Shalom, Stephanie Schwartz, Laura Burlot, Arthur Vorbrodts and Candace Flatley.
