

Arent Fox Adds Privacy, Cybersecurity & Data Protection Partner Julia B. Jacobson

Arent Fox LLP announced the expansion of its Privacy, Cybersecurity & Data Protection practice with the addition of partner Julia B. Jacobson. Jacobson joins the Boston office, where she will continue to advise clients on data privacy and protection issues, as well as marketing and technology transactions.

In a release, the firm said Jacobson counsels clients on how to comply with federal, state, and international laws and industry standards, monetize data, and address privacy and security issues that arise during business transactions. She advises clients on compliance with GDPR, ePrivacy Directive, New York Department of Financial Services Cybersecurity Regulations and preparations for compliance with the California Consumer Privacy Act, and other evolving privacy and cybersecurity laws.

In addition, Jacobson assists clients with the design and development of privacy-sensitive policies for use and protection of personal data, cybersecurity incident response, information governance, and vendor management.

Prior to joining Arent Fox, Jacobson was a partner in the Technology Transactions practice at an AmLaw 50 firm.
