A Family Lawyer’s Perspective on Parental Alienation

Parental alienation is a vindictive tactic aimed at punishing a spouse, writes **Keith Nelson** in an **article** for the Orsinger, Nelson, Downing & Anderson blog.

He points out that the subject recently surfaced after the news that a judge warned Angelina Jolie to allow Brad Pitt to spend more time with their children or risk losing full custody of them.

His article discusses how to prove parental alienation court, and the effects of parental alienation.

“Let there be no question: Parental alienation, once confirmed by experienced and trained professionals, is undeniably a form of child abuse that no child should endure,” Nelson writes.
