China Employment Contract FAQs

The end of the year brings an onslaught of China Employer Audits, and with those audits comes an onslaught of China employment law questions, writes Grace Yang in the Harris Bricken **China Law Blog**.

She discusses some of the most commonly asked questions on China employment contracts and provides short answers to each of them.

The issues include using an English version of contracts, contract templates provided by Chinese labor authorities, termination of signed China employment contracts, open-term contracts, offer letters, and the need to review contract templates.
