Download: Zapproved's Winter 2019 Volume of Ediscovery Case Law Summaries

Zapproved has published its Winter 2019 Volume of Ediscovery Case Law Summaries, featuring – as the company says in a release – "some heart-pounding tales of egregious misconduct by corporate and individual litigants."

The quarterly publication **can be downloaded** from Zapproved website at no charge.

This volume covers a wide range of topics, from spoliation and sanctions to proportionality, scope, and technology. It includes cases where deleted evidence isn't, in fact, spoliation; disparate outcomes regarding the form of production; and a brief discourse about how clowns are scary, but ESI is not.
