On-Demand: Impacts of Tightening Natural Gas Market on Procurement Strategy

- Ecova has posted an **on-demand webinar** reviewing the top takeaways from third quarter of 2017.

The webinar also covers potential short- and long-term impacts of a tighter natural gas supply and demand balance heading into this upcoming winter.

Other energy and natural gas market trends covered include:

- Upcoming winter, gas and storage vs historical averages
- Associated risks with less gas supply heading into winter
- Working risk tolerance into procurement strategy

Watch the on-demand webinar.
