People in IP: Béatrix de Russé, IP Hall of Fame

- Yerra Solutions has selected Béatrix de Russé for the IP Hall of Fame.

A paper in Yerra's **People in IP** series details how de Russé was able to transform a struggling IP department into a key driver of revenue for her company, elevating her to the executive committee of the major international corporation and qualifying her for the IP Hall of Fame.

The paper begins with de Russé writing:

> Most IP people that I know just seem to fall into IP along the way. Well, I am no exception. Having graduated with Masters in English and Law, I accepted my first position as an attorney with Thomson CSF where I was in charge of drafting standard contracts for training foreign students to become qualified professionals in their countries' factories.
