

Hogan Lovells welcomes the New Year with 27 new partner and 71 new counsel promotions

Global law firm Hogan Lovells announced that 27 of its people have been promoted to partner effective 1 January across a network of 47+ offices in 24+ countries, spanning the Americas, Asia-Pacific, and Europe, the Middle East, and Africa.

Speaking on the promotions, Hogan Lovells' CEO Miguel Zaldivar commented: "Nurturing and promoting the excellent talent that we have at Hogan Lovells is central to our strategy of providing the best service and putting clients at the center of everything we do. The promotions of these talented individuals reflect the quality, breadth and depth of Hogan Lovells around the world, particularly our strength in a number of key sectors and in advising at the intersection of business and government. I am particularly pleased that a total of 48% of our new partners and new counsel are women, racial and ethnic minorities, and LGBTQ+. I congratulate all those who were promoted and wish them every success as they continue their career with the firm."
