

How Effective is Your Existing Contract Management?

Icertis Inc. has posted a complimentary on-demand webinar discussing the value of gauging the effectiveness of a company's existing contract management system.

On its website, Icertis says this webcast discusses how businesses in today's time demand enhanced visibility into contracts to identify and prioritize risks and gain assurance over contract compliances.

The webinar also highlights the best practices and tools to help organizations strengthen their existing contract management framework.

Watch the on-demand webinar.
