# ILDE-Blickstein Group Conducting Annual Law Department Operations Survey

The 8th Annual Law Department Operations (LDO) Survey, now known as the **ILDE-Blickstein Group Annual Law Department Operations Survey**, in cooperation with Huron Legal, is specifically designed for professionals who manage complex legal department operations for their companies.

The LDO survey was created in 2008 to give legal departments a consistent platform to benchmark themselves and shed light on the emerging profession of law department management. In addition to being the original of its kind, the LDO survey has proven it's the most respected in the industry over the last eight years.

A survey spokesman said the survey will take less than 20 minutes to fill out and is the only way to get insight into industry trends and a copy of the valuable proprietary results.

The survey covers such topics as:

- Cyber Security
- Metrics and Analytics
- Offshore Legal Process Outsourcing

Last year's survey supplement is available, with an analysis of results, **here**.

**Take the 2015 survey**.
