

Information Governance Done Right – Oil & Gas

✖ FileTrail and Doculabs will offer a series of webinars on empowering organizations to integrate effective information governance policies.

The 30-minute webinar will be Thursday, July 17, beginning at 1 p.m. Eastern time.

The webinar series will cover six types of industries: oil & gas, legal, pharmaceutical, financial services, government and insurance. The first one will cover oil & gas.

The webinar will help participants:

- Learn why leading Oil and Gas organizations are taking Information Governance seriously
- Hear lessons learned from real life client engagements
- Gain insight and advice to get your Information Governance efforts on track

Register for the webinar.
