HIPAA Compliance Quiz for Lawyers

Legal Workspace has produced free **online test** to help corporate executives and counsel determine whether their firms are in compliance with the Health Insurance Portability and Accountability Act.

The click-through quiz includes topics such as encryption for all email, two-factor authentication for access to computer systems housing healthcare data, business associate agreements with all vendors, intrusion detection systems, electronic protected health information, HIPAA guidelines for off-site data backup providers, and more.

Take the quiz.
