Managing Your Global Payroll: Challenges and Solutions

- Ceridian offers a free on-demand webinar on proper global payroll management techniques.

Demand for global payroll and HR is exploding, and the industry is evolving quickly – so quickly that many companies are struggling to keep pace, Ceridian says on its website. This webinar discusses the current global payroll and HR environment and how these challenges are being addressed by forward-thinking companies.

Topics include:

- The industry evolution of global payroll
- Business initiatives and objectives that drive the need for a global payroll solution
- What other companies are doing to solve for their growing global payroll needs

Watch the on-demand webinar.
