Microsystems Sets 2 June Webinars on DocXtools and Patent Companion

Microsystems will present two complimentary webinars in June: the DocXtools Training Webinar Series on June 24 and the Patent Companion Overview on June 25.

The **DocXtools webinar** will:

• Identify the problems that occur when moving a document to .docx format
• Address the unique process involved in moving to Word 2013
• Step-by-step demonstration on Document Conversion

The 60-minute event will be Wednesday, June 24, beginning at 10 a.m. Central time.

Participants in the **Patent Companion webinar** will:

• Learn about all of the key patent prosecution features in Patent Companion including: Element References, Similar Spelling, Antecedent Basis, and more
• Learn how the Patent Companion Word Trends™ feature can help you select words that will give your patent application stronger language
• Discover how IP and patent lawyers are incorporating Patent Companion into their workflow to ensure the highest quality documents are being sent to clients and submitted for approval

The Patent Companion event will be Thursday, June 25, at 10 a.m. Central time.
