

Mitratech Extends e-Billing Platform to eCounsel

Mitratech, a provider of Enterprise Legal Management (ELM) solutions, **announces** the latest release of eCounsel, the company's first major software release since the acquisition of Bridgeway in the fall of 2015.

In a release, the company said extending Collaborati to eCounsel clients works across multiple product lines.

Specific enhancements and benefits in this latest release include:

- Collaborati Integration
- Security Assertion Markup Language support
- Security Enhancements
