Download: What It Takes to Be an Effective General Counsel

The National Association of Corporate Directors is offering free downloads of an article featured in the association's July/August issue of *NACD Directorship* magazine, Tom Sager's **"How to Win at War**."

Sager is a former general counsel at DuPont Co.

The article describes how to:

- establish the general counsel position as vitally important;
- define your role in strategic boardroom decisions; and
- prepare for battling activists, based on Sager's experience with Nelson Peltz.

NACD Directorship magazine offers boardroom intelligence and corporate-governance information. The full publication is available exclusively to NACD members, but anyone may download a complimentary copy of the article.
