

Five Steps to Enhance the Board's Oversight of Cyber Risk

The National Association of Corporate Directors (NACD) has prepared a complimentary report that offers insight into the five key principles that will help directors enhance their oversight of cybersecurity.

Developed in collaboration with AIG and the Internet Security Alliance, "Cyber-Risk Oversight" clearly explains a wide range of board-level considerations, including:

- Disclosure issues
- Access to expertise
- Risk appetite calibration

The National Association of Corporate Directors (NACD) delivers insights and resources that more than 16,000 corporate director members rely on to make sound strategic decisions and confront complex business challenges with confidence.
