Navex Global – Download Your Complimentary eBook: Top 10 Risk & Compliance Trends for 2020

Each year, as we prepare for this annual publication, we discuss how the complex social, political and environmental landscape has evolved – and its impact on business. In 2020, we're entering an election year in the US, responding to a firehose of regulatory activity across the globe, and continuing to see the effects of a speak-out culture with demands for transparency and action. Things are as complex as ever before.

However, something just feels different this year. It's not the level of complexity, but a shift in our perspective and approach to that complexity that is changing. And our network of experts and practicing R&C professionals contributing to the 2020 list agree.

We are now moving past deconstructing each and every risk and moving toward thinking holistically about integrating our strategies to simplify risk management. Amongst others, this is a common theme you will see unfold in this year's trends.
