

NAVEX Next – Beyond the Moment

Register for NAVEX Next, our annual risk and compliance virtual conference. Formerly the Ethics & Compliance Virtual Conference (ECVC), the new name recognizes that we must be forward-looking as we face an increasingly complex business, regulatory and social environment. Success will require new ideas and approaches to manage risk and foster ethical workplace cultures.

Our theme this year is: *Beyond the Moment*. It defines our 2020 agenda and supports sessions that help your organization move past a defensive stance on current events and trends. Our goal this year is to help everyone be proactive and more holistic in their approach to risk and compliance management. The future demands we be prepared, no matter what comes next.
