New Jersey Law Journal Awards Honors Saxe Doernberger & Vita, P.C. Partner Bethany L. Barrese with New Leaders of the Bar Award

Basking Ridge, NJ – Saxe Doernberger & Vita, P.C. (SDV) is proud to announce the recognition of Partner Bethany Barrese at the New Jersey Legal Awards celebration held on September 23, 2021. Bethany was a recipient of the New Leaders of the Bar Award.

Bethany is a skilled insurance coverage attorney who has dedicated her entire career to policyholder advocacy. She helps clients recover on their insurance claims under a wide variety of policies, including commercial general liability, commercial property, builder's risk, professional liability, educator's legal liability, and captive policies. She has extensive experience handling insurance coverage disputes arising from construction projects, and she frequently negotiates construction defect and additional insured claims on behalf of owners, architects, construction managers, and general contractors. Bethany's litigation practice has successfully resolved coverage disputes at both the trial and

appellate level.

SDV would like to congratulate Bethany for her achievements.

SDV is among the elite law firms in the country representing policyholders in insurance coverage disputes and one of the even fewer national firms whose practice is focused exclusively in this area. Our clients span a broad range, from individuals to international corporations, and reach across all industries. No matter who or where you are, SDV is the right choice for policyholders.
