

Ohio Governor Seeks Repeal of 'Tainted' Nuclear Bailout

"Gov. Mike DeWine on Thursday shifted gears and called on the Ohio General Assembly to repeal the law that would provide a \$1 billion bailout of two nuclear power plants on Lake Erie, given revelations about the alleged \$60 million bribery scheme that led to its passage," reports Jim Provance in *The Blade*.

"He said the process behind the bill's passage 'stinks' and has tainted what he has said is still the good policy behind saving the Davis-Besse nuclear plant near Oak Harbor and the Perry plant east of Cleveland."

"He called on lawmakers to repeal and replace House Bill 6 through an open process 'that the public can have full confidence in.'"
