

# Download 'The End of an Era: Evolving Beyond Email and Spreadsheets to Manage Your Law Department'

The Home Depot, ZS Associates and PC Connection are all reaping the benefits of a transformed legal department, and your company can too. Read this white paper today to learn how Onit can help your legal department evolve beyond email and spreadsheets to improve productivity, client service and business results.

This whitepaper, "The End of an Era: Evolving Beyond Email and Spreadsheets to Manage Your Law Department" explains why consistent efficiency is so crucial to today's in-house teams, and how it can be achieved by modernizing your use of technology. You will learn why:

- Traditional tools are inefficient
- Legal departments are reinventing how they approach processes like contract management, NDA approvals, e-billing and matter management
- Apps are making attorneys more productive
- Onit Apps can accomplish better collaboration, simpler workflows and more effective outcomes

Your in-house attorneys spend too much time on administrative tasks at the expense of meaningful participation in strategic business priorities, most likely due to a lack of consistent process and reliance on spreadsheets and email to get their work done. Let Onit help you change that.
